A

- Acromegaly, cryosurgery of the pituitary in, 587
Adenocarcinomas of the anal canal and perianal tissues, 152
Adenocarcinoma, primary, of the esophagus, 785
Adenoma, parathyroid, 1077
Adrenergic blocking agents, effects of, on renal blood flow in normovolemia and experimental hypovolemia, 51
Aldosteronism, primary, management of: evaluation of potassium and sodium balance, technic of adrenalectomy and operative results in 24 cases, 600
Allografts, renal, and donor spleen cells: survival according to schedule of infusion, 223
Ampulla of Vater, immediate effects of instrumental dilation of the, visual and histologic observations in man, 271
Amputation, translumbar, for advanced cancer, 514
Anal canal, adenocarcinomas of the, and perianal tissues, 152
Anastomoses, role of arteriovenous, in vascular diseases of the lower extremity, 990
Anastomosis, choledochojejunral, technic of, in pancreatectomy, 835
Anatomy, muscular, of the gastroesophageal junction and role of phrenoesophageal ligament, 643
Anemia, chronic, effect of, on wound tensile strength: correlation with blood volume, total red blood cell volume and serum proteins, 243
Aneurysm, abdominal aortic, vena caval fistula, 947
endo-aneurysmorrhaphy and treatment of aortic, 935
false, of the vertebral artery—a complication of radon seed implantation: case report and merit of anterolateral approach, 900
idiopathic, successful resection of, of the superior mesenteric artery, 167
Aneurysmectomy, abdominal aortic contribution of, to prolongation of life: 12-year review of 480 cases, 678

Angina pectoris, internal mammary artery implantation for: angiographic evaluation of Beck and Vineberg procedures, 236

Angiographic patterns, muscular, in lower extremities before and after exercise: technic for study of blood flow and diagnostic application, 883

Anus, imperforate: role and results of the sacroabdominoperineal operation, 655

Aorta, abdominal, laceration of, and study of intact abdominal wall as tamponade: report of survival and literature review, 321

Appendicitis, acute, mechanical small bowel obstruction due to: Review of 10 cases, 157

Artery, coronary, effect of aortic insufficiency on phasic flow patterns in the, 959
renal, malignant hypertension secondary to, stenosis in children, 700

superior mesenteric, successful resection of an idiopathic aneurysm of the, 167

totally occluded extracranial internal carotid, endarterectomy and thrombectomy for the: use of Fogarty balloon catheters, 325
vertebral, false aneurysm of, a complication of radon seed implantation, 900

Ascites, massive, effect of portacaval shunt on gastric acid secretion in dogs with liver disease, portal hypertension, and, 69

B

Blood flow, gastric, relationship of histamine-stimulated gastric secretion to, and oxygen consumption, 81

renal, effects of adrenergic blocking agents on, in normovolemia and experimental hypovolemia, 51

Blood flowmeter, electromagnetic, application of, during arterial reconstruction, 157

Blood viscosity change, plasma and whole, in shock and after Dextran infusion, 973

Blood, peripheral, fluorescence-inducing corticosteroids in, of newborn infants, 101

Blood volume, correlation of jejunal transfer of water and electrolytes with, in postgastrectomy patients, 821

Bowel, mechanical small, obstruction due to acute appendicitis, 157

small, replacement of large veins with free inverted segments of: autografts of sub-

- mucosal membrane in dogs and clinical use, 845
- Breast, female, lobular carcinoma of the, 305
- Burn mortality, probit analysis of, in 1,831 patients: comparison with other large series, 123
- Burns, severe, treatment of, with aqueous silver nitrate, 753
- Bypass, cardiopulmonary, bronchial circulation during, 985
- C**
- Cancer, advanced, translumbar amputation for, 514
- Cancers, multiple primary, incidence of, per man-year of follow up: 20-year review from the Ellis Fischel State Cancer Hospital, 775
- Carcinoma of the colon following uretersigmoidoscopy, late development of, 503
- lobular, of the female breast: report of 73 cases, 305
- parathyroid, metastatic, and hormonal chemotherapy, 917
- of the stomach, development of superficial, 145
- of the thyroid in surgical and postmortem material, analysis of 300 cases at autopsy and literature review, 291
- Carcinomas, pancreatic, endocrinopathy associated with, 300
- Cardiac output, alterations in, with portal vein and inferior vena caval occlusion, 197
- nomogram for the rapid calculation of, at the bedside, 109
- Carditis, rheumatic, mitral valve replacement in a child during active, 1034
- Chemotherapy, hormonal, metastatic parathyroid carcinoma and, 917
- Chlorophyll, surgical applications of Ethiodol with, in lymphangiography, 114
- Chlorpromazine, renal response to, in hemorrhagic hypotension (in dogs), 867
- Cholecystitis, acute, perforation of the gallbladder associated with, 849
- Circulation, bronchial, during cardiopulmonary bypass, 985
- Coagulation changes in experimental hemorrhagic shock, 203
- Colon, carcinoma of the, late development of primary, following uretersigmoidostomy, 503
- idiopathic perforation of the, in infancy: report of two cases and literature review, 853
- D**
- Coronary heart disease, internal mammary implantation (Vineberg operation): cineangiography and long-term follow up, 457
- Corticosteroid, fluorescence-inducing, in peripheral blood of newborn infants: response to ACTH and operation, 101
- structural analogue in vascular muscle to the functional disorder in refractory traumatic shock and reversal by, 575
- Cr^{51} , measurement of intravascular erythrocyte sequestration by (in dogs and man), 23
- Cryosurgery of the pituitary in acromegaly: reduced growth hormone levels following hypophysectomy in 13 cases, 587
- D**
- Dextran infusion, plasma and whole blood viscosity changes in shock and after, 973
- Diverticulitis, sigmoid: evaluation of current practice in a community hospital, 275
- Ductus arteriosus, patent: operative treatment of 100 consecutive patients with isolated lesions without mortality, 877
- Duct, common bile, observations on the smooth muscle and contractile activity of the, 1041
- cystic, absence of, 1056
- E**
- Editorials, 771, 1085
- Electrolytes, correlation of jejunal transfer of water and, with blood volume in postgastrectomy patients, 821
- Embolii, impacted pulmonary, removal of, by retrograde injection of fibrinolysin into the pulmonary veins, 315
- Emboli, subclavian steal syndrome secondary to: first reported case, 171
- Encephalopathy in graded portacaval shunts, 1003
- Endarterectomy and thrombectomy for the totally occluded extracranial internal carotid artery, 325
- Endo-aneurysmorrhaphy and treatment of aortic aneurysm, 935
- Endocrine activity, support of nutrition through, of specialized gastric mucosal cells (in dogs), 635
- Endocrinopathy associated with pancreatic carcinomas, 300
- Erythrocyte sequestration, intravascular, measurement of (in dogs and man), 23
- Esophagus, primary adenocarcinoma of the, 785
- Ethiodol, surgical applications of, with chlorophyll in lymphangiography, 114

Excretion, urinary sodium and aldosterone, following portacaval shunts for cirrhosis of liver and portal hypertension, 538
Exercise, muscular angiographic patterns in lower extremities before and after, 883

F

Fibrinolysis, removal of impacted pulmonary emboli by retrograde injection of, into the pulmonary veins, 315
Fistula, arteriovenous, acute, hemodynamic effects of femoral venous occlusion before and after an, 190
arteriovenous, metabolic factors in the cardiac insufficiency of, 1027
vena caval, abdominal aortic aneurysm—, 947
Fundoplication, surgical treatment of hiatal hernias by, and gastropexy, 927

G

Gallbladder, perforation of the, associated with acute cholecystitis: 8-year review of 20 cases, 849
Gallstone, calcium bilirubinate, pathogenesis of, 90
Gastric secretion, histamine-stimulated, relationship of to gastric blood flow and O₂ consumption, 81
Gastro-esophageal junction, muscular anatomy of the, and role of phreno-esophageal ligament, 643
Gastropexy, surgical treatment of hiatal hernias by fundoplication and, 927
Gastrostomy, tube, complication of, in infants and children, 284
Granuloma, barium, within the peritoneal cavity, 162

H

Heart, suspended animation of the, with metabolic inhibitors, 343
the totally implantable mechanical—an appraisal of feasibility, 445
valve leaflets, evaluation of materials for use as prosthetic, 1013
Hemangioma, giant cutaneous, treatment of, by intra-arterial injection of nitrogen mustard: case report, 921
Hemartoma, mesenchymal, of the liver, 175
Hematocrit, effect of hydroxyethyl starch on plasma volume and, following hemorrhagic shock, 891
Hemodynamics, circulatory, of the immediate postburn period, effect of various fluid

regimens and pharmacologic agents on the, 723
of the isolated perfused pig liver, 522
Hemolysis, acute, in dogs, mechanisms of plasma hemoglobin clearance after, 905
Hernias, hiatal, surgical treatment of, by fundoplication and gastropexy, 927
Heterotransplantation of goat mitral valves in dogs, 215
Homografts, renal, comparative results of cadaver and related donor, in man, and immunologic implications of the outcome of second and paired transplants, 352
Homotransplantation, protection of the donor kidney during, 398
Hypersecretion, gastric, mechanism of, following massive intestinal resection, 622
Hypertension, malignant, secondary to renal artery stenosis in children, 700
portal, effect of portacaval shunt on gastric acid secretion in dogs with liver disease, and massive ascites, 69
Hyperthyroidism, definitive treatment of 536 cases of, with I¹³¹ or surgery, 593
Hypovolemia, effects of adrenergic blocking agents on renal blood flow in normovolemia and experimental, 51
induced, cardiovascular responses to, 183
Hypotension, hemorrhagic, renal response to chlorpromazine in (in dogs), 867

I

I¹³¹, definitive treatment of 536 cases of hyperthyroidism with, or surgery, 593
Implantation, internal mammary (Vineberg operation) for coronary heart disease: cine-angiography and long-term follow up, 457
Infancy, idiopathic perforation of the colon in, 853
Infants and children, complication of tube gastrostomy in, 284
Infants, newborn, fluorescence-inducing corticosteroids in peripheral blood of, 101
Infusion, Dextran, plasma and whole blood viscosity changes in shock and after, 973
renal allografts and donor spleen cells, survival according to schedule of, 223
Inhibitors, metabolic, suspended animation of the heart with, 343
Insufficiency, aortic, effect of, on phasic flow patterns in the coronary artery, 959
cardiac, metabolic factors in the, of arterio-venous fistula, 1027

hepatic, temporary use of ex-vivo heterologous liver for (in dogs), 61
Ischiopagus tetrapus, successful separation of, —conjoined twins, 1059

J

Joint stiffness, some biochemical and biophysical aspects of, 1

K

Kidney, protection of the donor, during homotransplantation, 398

L

Leiomyosarcoma of the right iliac vein, 924
Ligament, phrenoesophageal, muscular anatomy of the gastroesophageal function and role of, 643

Liver, cirrhosis of, urinary sodium and aldosterone excretion following portacaval shunts for, and portal hypertension, 538
ex-vivo heterologous, temporary use of, for hepatic insufficiency (in dogs), 61
mesenchymal hamartoma, of the, 175

Liver disease, effect of portacaval shunt on gastric acid secretion in dogs with, portal hypertension and massive ascites, 69

Loop syndrome, afferent, experience with the surgical management of the, 797

Lymphangiography, surgical applications of Ethiodol with chlorophyll in, 114

M

Mallory-Weiss syndrome: review of 20 cases and literature review, 810

Methyl-2-cyanoacrylate monomer, a clinical evaluation of, as a hemostatic agent, 967

Mucin, intestinal, biosynthesis of, in shock, 13

Mucosal cells, specialized gastric, support of nutrition through endocrine activity of (in dogs), 635

Muscle, vascular, structural analogue in, to the functioning disorder in refractory traumatic shock and reversal by corticosteroid, 575

N

Nitrogen mustard, treatment of giant cutaneous hemangioma by intra-arterial injection of, 921

Nomogram for the rapid calculation of cardiac output at the bedside, 109

Normovolemia, effects of adrenergic blocking agents on renal blood flow in, and experimental hypovolemia, 51

Nutrition, support of, through endocrine activity of specialized gastric mucosal cells (in dogs), 635

O

Obstruction, gallstone intestinal, choice of operation for, 1051

mechanical small bowel, due to acute appendicitis, 157

prolonged ductal, recovery of pancreatic exocrine secretory capacity following, 267
subvalvular left ventricular outflow tract, transatrial and transaortic approaches to, 418

Occlusion, femoral venous, hemodynamic effects of, before and after an acute arteriovenous fistula, 190

portal vein and inferior vena caval, alterations in cardiac output with, 197

Organs, perfused, tumor behavior in isolated (in rabbits and dogs), 491

Oxygen consumption, relationship of histamine-stimulated gastric secretion to gastric blood flow and, 81

Oxygenation, impaired, with prolonged continuous ventilatory support, 558

P

Pacemakers, implanted transvenous: equipment, technic and clinical experience, 465

Pacer, the synchronous: three years of clinical experience with 45 cases, 862

Pacing, gastro-intestinal, response to: antral, duodenal and jejunal motility in control and preoperative patients, 139

Pancreatectomy, technic of choledochojejunum anastomosis in, 835

total, life after, for chronic pancreatitis, 830

Pancreatitis, chronic, life after total pancreatectomy for, 830

papillitis as a cause of, and abdominal pain, 611

Papillitis as a cause of pancreatitis and abdominal pain, 611

Parathyroid adenoma, 1077

Parathyroid carcinoma, metastatic, and hormonal chemotherapy, 917

Perforation of the colon, idiopathic, in infancy, 853

Peri-anal tissues, adenocarcinoma of the anal canal and, 152

Peritoneal cavity, barium granuloma within the, 162

Pig liver, hemodynamics of the isolated perfused, 522

- Pituitary, cryosurgery of the, in acromegaly, 587
Plasma hemoglobin clearance, mechanisms of, after acute hemolysis in dogs, 905
Plasma volume, effect of hydroxyethyl starch on, and hematocrit following hemorrhagic shock, 891
Plasma and whole blood viscosity changes in shock and after Dextran infusion, 973
Postgastrectomy patients, correlation of jejunal transfer of water and electrolytes with blood volume in, 821
Presidential Address: Leadership and our new alliance, 337
Prosthesis, arterial, tanned collagen, of bovine carotid origin in man, 247
SCDK-Cutter, total cardiac valve replacement using, 428
Puncture, arterial, surgical management of complications to, 1021

R

- Radon seed implantation, false aneurysm of the vertebral artery, a complication of, 900
Reconstruction, arterial, application of electromagnetic blood flowmeter during; results in conjunction with pavarine in 47 cases, 662
bronchial, late results of: review of four cases, 859
Renal failure, effect of, on wound healing in dogs, 227
Respiration, analysis of, by an on-line digital computer system, 547
Revascularization, myocardial, experimental evaluation of, 951

S

- Septal defect, ventricular, partial absence of the tricuspid valve associated with, 334
Shock, biosynthesis of intestinal mucin in, 13
clinical, coagulation changes in: I. Effect of hemorrhagic shock on clotting time in humans, 34
clinical, coagulation changes in: II. Effect of septic shock on clotting times and fibrinogen in humans, 41
hemorrhagic, effect of hydroxyethyl starch on plasma volume and hematocrit following (in dogs), 891
hemorrhagic, experimental, coagulation changes during, 203
plasma and whole blood viscosity changes in, and after Dextran infusion, 973

- refractory traumatic, structural analogue in vascular muscle to the functional disorder in, and reversal by corticosteroid, 575
Shunt, portacaval, effect of, on gastric acid secretion in dogs with liver disease, portal hypertension and massive ascites, 69
portacaval, encephalopathy in graded, 1003
portacaval for cirrhosis of the liver and portal hypertension, urinary sodium and aldosterone excretion following, 538
Silver nitrate, aqueous, treatment of severe burns with, 753
Spleen cells, donor, renal allografts and, survival according to schedule of infusion, 223
Starch, hydroxyethyl, effect of, on plasma volume and hematocrit following hemorrhagic shock (in dogs), 891
Steal syndrome, subclavian, secondary to embolism, 171
Stomach, carcinoma of, development of, 145

T

- Tendon repair, deferred primary, 913
Thrombectomy, endarterectomy and, for the totally occluded extracranial internal carotid artery, 325
Thyrocalcitonin, influence of acid-base disturbances on total plasma calcium and evidence for a homeostatic role of, 1073
Thyroid, carcinoma of the, in surgical and postmortem material, 291
Transfusion, single, the advantages of the, 475
Transplants, comparative results of cadaver and related donor renal homografts in man, and immunologic complications of the outcome of second and paired, 352
Tuberculosis, pulmonary, surgery in: 11-year review of indications and results, 567
Tumor behavior in isolated perfused organs (in rabbits and dogs), 491
Twins, conjoined, successful separation of ischiopagus tetrapus, 1059

U

- Ulcer, hemorrhagic gastroduodenal, 840
Ureterosigmoidostomy, late development of primary carcinoma of the colon following, 503

V

- Vagotomy, truncal and selective, effect of, on duodenal aspirates in man: amylase, protease and lipase response to secretin and pancreozymin stimulation, 257

- Valve, cardiac, total, replacement using SCDK-Cutter prosthesis, 428
- mitral, replacement in a child during active rheumatic carditis, 1034
- tricuspid, partial absence of the, associated with ventricular septal defect, 334
- Vein, right iliac, leiomyosarcoma of the, 924
- Veins, large, replacement of, with free inverted segments of small bowel, 845
- pulmonary, removal of impacted pulmonary emboli by retrograde injections of fibrinolysin into the, 315
- Vineberg operation, internal mammary implantation for coronary heart disease; cineangiography and long-term follow up, 457
- Visceral ischemic syndromes, recognition and surgical management of, 714

W

- Water, correlation of jejunal transfer of, and electrolytes with blood volume in post-gastrectomy patients, 821
- Wound healing, effect of renal failure on, in dogs, 227
